Submitter

Name	Patricia McHale
Address	Lisheen Donohill Tipperary E34 WV81
Note	I welcome the following changes which are being planned for the Tipperary Hills: the improved access to various parts of the Hills, including the widening of the pathways and the addition of handrails; the work to upgrade the playing pitch; the addition of a dog-exercise area. All of these, and the other planned works, appear conscious of and sensitive to the existing layout and to the biodiversity of this whole area.
