**Ref:** Part 8 in respect of Improvement works and active travel measures at the Ragg, Bouladuff, Thurles, Co. Tipperary

To whom it concerns,

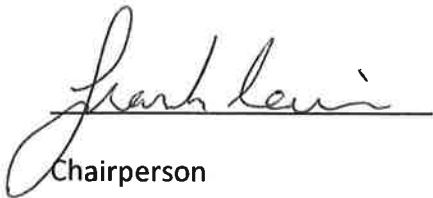

The Board of Management of Inch National School welcome the proposed scheme of works and we acknowledge that it is much needed to improve road safety in the area.

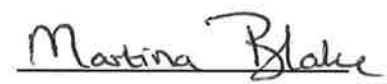

However, we are concerned about the land take to the road frontage adjacent to the parking area, as the school already operates within a very small footprint. The Board of Management strongly object to this proposal on the grounds that this will greatly impact on the play area available to the pupils of our school.

We would equally express concerns about proposed changes to our school parking area. This is currently our only available parking area at the school.

We would welcome any engagement with the planners to address our concerns on this matter. We look forward to engagement at your earliest convenience.

Yours sincerely,

  
Chairperson

  
Principal
