## Submitter

Name	Tim Ryan
Address	Kickham Place Tipperary Co Tipperary E34KF65
Note	Considering the Tipperary Town Revitalisation Task Force Action Plan has recently been published and has an objective (B4.11) to establish an Aire / motorhome stopover in Tipperary Town, I believe that this should be incorporated into the design as it would be the ideal location for such a facility and will boost local economic activity and add to the visitor/tourist offering. I would also respectfully suggest that the proposed steps at the Cup & Sauces be constructed of some other material other than wood as wood will rot and is prone to become slippery underfoot in time.
