RECEIVED: 01/09/2023

Ref: Part 8 in respect of improvement works and active travel measures at the Ragg, Bouladuff, Thurles, Co. Tipperary

To whom it concerns,

The Parent's committee of Inch National School wish to echo the concerns raised by the Board of Management of Inch National School in respect of the proposed works at the Ragg, Bouladuff.

We strongly object to any land take from the school on the grounds that this will greatly impact on the play area available to the pupils, given the space constraints that the school is already operating within.

The school parking area is currently very limited, and the proposed works will result in a reduction to the current area which we are very concerned about. We would request that this be reviewed to ensure at the minimum the current level of parking is maintained.

We look forward to engagement at your earliest convenience.

Yours sincerely

Geraldine Long
