Dear Sir/Madam,

**Re: Observation - Part 8 Staple Lane Car Park Carrick on Suir Retention of parking on
Main Street**

We refer to the development of a new car park between chapel street & new lane and staple lane north of main street Carrick on Suir. The proposed new car park is too far away from our business premises with limited and restricted access which we feel will not be used.

The parking offered in the regeneration plan on the main street is horizontal parking and angled parking on one side of the street would have facilitated double the car spaces now being provided. It seems that footpaths and trees are more important than the livelihood and viability of the town centre.

We would ask you to rethink taking the car spaces from an already struggling town.

Can you please acknowledge receipt of this observation.

Yours faithfully,

PAUL O'SULLIVAN:
