## Submitter

Name	Pat O'Toole
Address	Cloncallow Ballymahon Co.Longford N39XN22
Note	<p>I wish to make the following submission regarding Planning Reference PT8LD15. Similarly to the majority of people living in Ballymahon and it's environs I would have preferred the original proposal for this junction, which was for a compact roundabout, but I understand that this is no longer an option. I am proposing that the current layout of the road over the bridge be maintained whether controlled by traffic signals or not ie, that two lanes are maintained for traffic travelling in the Athlone and Mullingar direction as one travels down Main Street with a right turning lane for Athlone and the left lane for traffic travelling towards Mullingar on the R392. Regarding pedestrians and cyclists they can be accommodated safely by the provision of a footbridge as they approach from the Mullingar / Athlone Road direction in a similar manner to the footbridge that's in situ over the Shannon in Carrick-on-Shannon. The provision of a footbridge would require a Toucan Crossing on the Thomond Road for cyclists and pedestrians to cross safely on to the footpath / cycleway on Main Street. It must be noted and given the upmost consideration in the overall design of the street scape works on both sections of the Main Street N55 and R392 that Ballymahon currently has very limited off-street parking, therefore it is imperative in order to retain current business levels and to attract additional development that the maximum number off on-street car parking spaces are retained. Signed. Councillor Pat O'Toole.</p>

## In relation to application

Application Number	PT8LD15
Applicant Name	Longford County Council
Development Address	N55 Ballymahon Main Street
