Re: Part 8 of Proposed Birdhill Active Travel Scheme
Planning Reference: PT8TT134.

Dear Sir,

I refer to the above Part 8 of Proposed Birdhill Active Travel Scheme and make the following observations.

I comment your efforts to promote active travel but I object to the removal of the centre lane for turning in the village as this will present a danger to myself, my family and friends who use the village, and indeed, all visitors and existing and future users of the village.

The centre lane is essential for safe turning right at the Newport/O'Briensbridge junctions which I use every day and am fully aware of the hazards of traffic travelling from behind me in the village. Introducing a narrow lane and no slip lane plus adding in cycle lanes which dissect safe exit and entrance from these junctions would be a serious danger, in my opinion, and should be removed from the scheme.

Yours faithfully,

Margaret Koevoets.
