Re LloydsPharmacy, Carrick on Suir

Dear Sir / Madam

We refer to the proposed amendments to public car parking spaces on the main street and the development of a new car park between Chapel Street & new Lane and Staple Lane, North of main street.

Public car parking on main street is of utmost importance to ours and indeed all of the local businesses on main street and the removal of parking spaces would be to the detriment of those businesses.

The replacement of the car spaces in the proposed new car park is not acceptable as the location of the car park is too far away.

The commercial trading environment in the town is already difficult enough and the removal of car parking on main street would further deter people from shopping in the town. This would inevitably lead to the closure of further businesses and job losses as a result.

We request that our position and that of our neighbouring businesses are considered and that the parking spaces on the main street are retained.

Yours Sincerely,

Paul O'Rafferty MSCSI MRICS
